

Section 5.3, Address Markers

Adopted: 8-01-07

(Applies to All Homesites)

5.3 Address Markers

All address markers shall be approved by the Aesthetics Council. At areas where private residential driveways meet village drives, residents shall mark their entries with address markers. These markers should reflect the adjacent natural landscape and/or the residential architecture. These should be relatively low in height, of rustic character and built of native site stone or architectural materials. Functionally, they shall serve to display addresses and names if desired.

- Acceptable materials include native site or similar stone, plaster, concrete and wood
- Vertical markers over 3 feet in height are not permitted
- No internal lighting may be used on the Address Markers
- External lighting may be used, if approved, on a case-by-case basis. Fixture must be shielded from view by use of plant material
- A single upright may be used to light a street address
