

Section 3.5.4.6 - Skylights

Adopted: 05-13-13

(Applies to All Homesites)

6. Skylights may not be placed on the front or side elevations. Skylights shall be designed as an integral part of the roof. Skylights shall be flat bronze colored glass in bronze anodized frames. Bubble and white plastic skylights are not allowed. Skylight glazing must be divided into panes not exceeding 24 inches in width. The length and width of skylights shall be no more than 24+.
